

Asante Logistic Group

WAREHOUSE, FREIGHT, EXPORT & IMPORT SERVICES

B2B Manufacturers

Asante Logistic Group has one of the largest warehouse facilities on the East Coast and is centrally located in the maritime provinces. Manufacturers in need of storing and moving raw materials or finished goods in and out of the Maritimes either by land, sea or air can benefit from Asante's strategic location.

Material Handling

- Loading/Off-loading Staff at 2 Warehousing Facilities
- Cross Docking Services

Trucking

- Owned Fleet of Modern Trucks, Shipping Container Chassis & Van Trailer
- Dedicated Assets for Warehouse Clients

Freight Forwarding

- Ocean and Rail
- Customs Documentation Handled In-house

All-in-One Services for Stress-free Logistics

Asante Logistic Group works as an extension of our manufacturing client's production operations by servicing all of our warehouse clients' storage and distribution needs with dedicated in-house material handling, trucking and freight forwarding services. As supplier touchpoints increase so do the chances of having more logistics bottlenecks within your supply chain. Our clients rely on Asante as one point of contact for supply chain solutions as we reduce bottlenecks and remove the stress from managing multiple logistics suppliers.

"We offer a 350,000 SF warehouse in Nova Scotia to store raw materials and finished goods. We operate as if we were your own warehouse to facilitate easy and quick supply chain management."

Jason Steele, V.P. of Business Development
